Gorton Wins Hudson River League Championship, Again!

Unbeaten Streak Now at 26 Games

The game began with a sentimental touch, when Donna Nolan and family were on hand to help with the coin toss in memory of their late son, Michael Nolan. We should all be proud of the program the staff has built, said Nolan.

Coach Dan Domaniro’s football team has done it once again. The Gorton High School team won the Hudson River League Championship games (also known as The Yanks Bowl) for the third year in a row and finished with a perfect 9-0 record. The team did this magnificently by defeating Pelham High School. The Gorton teamlik Jones with 21 carries for 114 yards and one touchdown, and pane MVP Jayden Lambert with eight carries for 41 yards and two TDs.

This game was played Oct. 29 at Saunders, and it was the Wolves’ 26th win in a row. Domaniro said it was very hard-fought game and that his team had to come back to win in the second half. The stars of the game for Gorton were Mal-

We Endorse: Eliot Engel for Congress

Engel has served as a senior member of the Democratic House minority, advocating and voting for core progressive principles, including a $15 minimum wage, preserving the Affordable Care Act, gun control, and larger increases to the yearly cost-of-living increases for Social Security. Engel has received a 100 percent rating from AFL-CIO, and high-grade ratings from Conservation and Environmental Groups. He also has been a consistent supporter of equal pay for equal work and in renewing the Violence Against Women Act.

Engel’s strongest work can be found in his service regarding international affairs as the ranking Democrat on the House Foreign Relations Committee, speaking out for Democracy in Ukraine, Israel and more recently, Ukraine. He also remains a strong supporter of Israel.

We should all be proud of the program the staff has built, said Nolan.

For the last three even-numbered election cy-cles in Washington – 2012, 2014 and now in 2016 – the most watched and competitive contest has been for the 37th State Senate district, which runs from east Yonkers to Bedford and includes Eastchester, Harrison, North Castle, the Sound Shore and Rye. Democratic State Sen. George Latimer has won two of these contests, and is seeking a third two-year term Nov. 8. His opponent is Republican Businesswoman Julie Killian.

New Law: Slow Down When Passing Sanitation Vehicles

Drivers are now required to slow down around garbage and recycling collection vehicles.

Yonkers Mayor Mike Spano, along with Department of Public Works Commissioner Tom Meier and other local and state officials, announced a new state law that requires motorists to slow down when passing waste and recycling collection vehicles.

New laws passed by the state mandate motorists to slow down and be more careful when near waste and recycling collection vehicles. New York became the 12th state to enact this vital legislation this fall.

On Election Day 2015, a Yonkers sanitation worker died after being hit by a motorist, and a man was critically injured in July after being hit by a motorist while working on a sanitation truck. The trucks in the new law are defined as any motor vehicle with a rear compartment function that is intended for the collection of refuse. A violation of the law comes with a fine of $45 or $100 and can carry a prison term of up to 15 days.

Cross County’s Halloween Spooktacular a Hit!

By Dan Murphy

During the third and final presidential debate, moderator Chris Wallace tried to turn attention to overshooting in Washington and the fact that entitlement programs will soon run out of money if not modified. “The Committee for a Responsible Federal Budget has looked at both of your plans, and they say neither of you has a serious plan that is going to solve the fact the Medicare’s going to run out of money in the 2020s, Social Security is going to run out of money in the 2030’s,” he said. Wallace went on to suggest that only a “grand bargain” combining tax increases with Medicare and Social Security benefit cuts could solve the problem.

Both candidates, Hillary Clinton and Donald Trump, declined the question and went back to attacking each other, which has been what most of the presidential campaign of 2016 has been about. A “grand bargain” was a reference to what almost happened back in 2011, when President Barack Obama and House Speaker John Boehner came close to a $4 trillion agreement to raise taxes and reform entitlements, cut spending and reduce the deficit. The bargain failed, and we have a debt approaching $20 trillion.

Libertarian presidential candidate Gary John- son and his vice presidential running mate Bill Weld have been the only two candidates talking about cutting spending, and reforming our entitlement system so that it is around for future generations. Johnson and Weld are former Republican governors from “blue” states that balanced their budgets and worked well with Democratic state legislators.

Both Johnson and Weld are fiscal Conserva- tives and social Liberals; they don’t believe the government has a place in a person’s private life as long as they are not hurting, or affecting those around them, they have said. That means they support same-sex marriage, abortion rights, and legisla- tion of marijuana.}

Mayor Mike Spano and the Department of Veteran Services last week recognized Yonkers residents who served in World War II at City Hall. The ceremony was a prelude to the veterans departing for Washington, D.C., Saturday to visit the WWII Memorial as part of the Hudson Valley Honor Flight. The veterans included a Tuskegee airman, a former Yonkers chief judge and female army sergeant. More pictures from the ceremony are available at www.HVHonorFlight.com.

Golfers, Pre-Register For 2017 E-Z Reserve

Pre-registration opened Nov. 1 for next sea- son’s Golf Westchester’s E-Z Reserve program at the six county courses. E-Z Reserve enables golf- ers with a valid Westchester County Park Pass to book a starting tee time on weekends for a series of weeks at their choice of the six courses.

During the pre-registration period, which is open through Wednesday, Nov. 30, E-Z Reserve holders from 2016 can book the same tee time/day for the 2017 season. If the holder is not interested in keeping the specific time and day, the time will be made available to all golfers in December.

From Thursday, Dec. 1 through Friday, March 10, all remaining E-Z Reserve tee times will be made available to new golfers or past golf- ers who wish to select a new day or time. These E-Z Reserve times will be available on a first-come, first-served basis and are limited to one tee time per weekend.

A non-refundable fee of $350 per player is due at pre-registration and payable by cash, check, or Visa, MasterCard or American Express. As a bonus for pre-registering, the 2017 E-Z Reserve season is increased from 25 to 30 weeks, begin- ning the weekend of April 1 and ending the week- end of Oct. 22.

After the pre-registration period ends March 10, all remaining E-Z Reserve tee times will only be available at the county courses beginning the first day of play. These tee times will be sold for a $300 per-player fee for 25 weeks. The 25-week program starts the weekend of April 8 and ends the weekend of Sept. 24. Opening day for the 2017 season will be announced.

Golfers who do not participate in the program can book any available weekend and weekday tee times during the season at golf.westchestergov.com, or by phoning or visiting the course of their choice.

The courses are Dunwoodie and Sprain Lake in Yonkers, Hudson Hills in Ossining, Maple Moor in White Plains, Meadowbrook in Yonkers Heights, and Saxon Woods in Scarsdale. E-Z Reserve is only sold at the individual courses di- rectly, although golfers can download, print and complete an application form and read complete program details, rules and regulations at golf.westchestergov.com.
