Measles in Westchester; What You Need to Know

Last week, the Westchester County Department of Health confirmed that eight children from Westchester had contracted measles. All of the children are siblings and all are from northern Westchester. None of the children attended public schools or childcare programs. The children range in age from 6 months to 14 years.

The Westchester County Department of Health is working with the families and health care providers to identify locations where the children may have exposed others. The children, who were not vaccinated, appear to have been exposed to measles in Rockland County and Brooklyn, where there have been ongoing outbreaks.

Riverside Val & Sal Enjoy Learning

By Dan Murphy

This week we highlight the academic achievements of Riverside High School Valadetarians Francis Loquellano and Salavatorian Zoie Manalo.

Loquellano said his favorite educators are math teacher Mr. Espy, computer science teacher Mr. Paren, and English teacher Mr. Younes. He said, "They all made their classes fun and exciting. I enjoyed going to their class every day."

He said.

In today’s age of apathetic voters, which has 1.4 million followers across the country, has a dedicated group of several-hundred volunteers who worked on Bernie Sanders’ campaign for president in 2016 and are ready for another chance to send Bernie to the White House.

We spoke to Kat Blezer, who is a co-founder of People for Bernie, to get an idea about the passion and support in Westchester for another “Sanders for President” run.

We asked Blezer: Is Sanders the front-runner to be the Democratic nominee for president in 2020?

By Robert Kalfus

Children and teens learn this past week learned the realities of life, and the difficult chores of manual labor, producing flour by grinding spelt wheat into flour, mixing the flour with water to make dough, pounding the dough with their hands, and smoothing the dough on plastic sheets strewn with flour, rolling the dough into sheets to bake into matzah. This “bread of affliction,” which exceeds costs of the finest cuts of meat.

Rabbi Mendy Hurwitz of the Chabad of Yonkers led the hands-on learning adventure at the Greystone Jewish Center, with help and supervision of some of the democratic legislators who worked with former County Executive Rob Astorino and republicans on the County Board for more than four years, and denying democrats from holding a working majority on the County Board.

Schmidt Strong at the Plate

As Gorton Defeats Roosevelt

By Phil Foley

Stefanie Schmidt collected four hits in five at-bats, as Gorton High School defeated Roosevelt 25-9 on Friday. Schmidt stood in the sec-

t, third, fourth and fifth.

There was plenty of action on the basepaths as Gorton collected 11 hits and Roosevelt had five. Gorton got things moving in the first inning, when Yvonne Mejia singled on a 3-2 count, scori-
ing one run. Gorton took the lead for good with five runs in the third inning. In the third Schmidt singled on a 1-1 count, scoring two runs. Gorton scored on a stolen base during Mejia’s at-bat; then Mejia singled and Alexia Ramos drove a walk, scoring one run. Gorton tallied eight runs in the fourth inning, allowing five hits and eight runs while striking out six.

Stefanie Schmidt collected four hits in five at-bats, and stole 10 bases during the game as four players stole more than one. Mejia led the way with three. Katia won 5-1 at the plate to lead Roos-

t and 23 runs, while striking out seven. She lasted four and two-thirds innings, allowing five hits and eight runs while striking out six.

Roosevelt started the game for Roosevelt. She lasted five innings, allowing five hits and eight runs while striking out six. Ulahmane started the game for Roosevelt. She lasted four and two-thirds innings, allowing 11 hits and 23 runs, while striking out seven.

Gorton racked up 11 hits. Schmidt and Me-

jia managed multiple hits for Gorton. Schmidt

led Gorton with four hits in five at-bats, and stole 10 bases during the game as four players stole more than one. Mejia led the way with three. Katia won 5-1 at the plate to lead Roosevelt in hits. Roosevelt tore up the basepaths, as two players stole at least two bases. Sydney led the way with three.

Gorton Baseball Wins Round

One of Yonkers Tournament

The Gorton Wolves shot out the Saunders Blue Devils in a Round one game of the Yonkers City Tournament. The score was 1-0. Saunders was undeated in 2018.

Steve Hilario pitched four innings for Gor-

ton and struck out 12 batters. Alarco-Fuentes pitched the first three innings, giving up one hit and no runs. So far this year, Steve Hilario has pitched 11 innings and has struck out 42 batters. His ERA is 0.88 and he is batting a robust 0.440.

Last year, Gorton got off to a great start, too. In the 2018 tournament, Gorton won its first game but forfeited the last two games because Coach Spike Owens decided to impose a disci-

pline action against his own team for breaking his rules. This year the team will advance.

Times are good for Gorton in 2019.

Strawberry Fest is April 28

At College of New Rochelle

The College of New Rochelle’s will host its

final Strawberry Festival on Sunday, April 28, ending a 47-year tradition that began in 1972. The single-largest event organized with the help of CNR undergraduates, the concept of the Straw-

berry Festival originated in the mid-1960s as an American festival celebrating the

beginning of summer.

On This Day in Yonkers History...  

FRIDAY, APRIL 19, 2019 - YONKERS RISING - PAGE 3

By Mary Hoar

GLENWOOD, Yonkers Historical Society

MONDAY, APRIL 22

April 22, 1925: Due to a ruling of the New York State Supreme Court, Yonkers Comptroller Robert Forgan announced that all Civil Service employees must return to work in the City Comptroller's office within three months, or he would be forced to issue final settlements.

April 22, 1911: The War Department named Captain Francis Brady, an Irish-American soldier who was later awarded the Medal of Honor, assistant military attaché at the U.S. embassy in London.

April 22, 1934: Patrolman Patrick Feeney single-handedly captured three members of the Bronx DiDonato gang who were holding up employees of the Summit Bank and keeping an open fist over the teller. The getaway car was never found.

April 25, 1929: Because Yonkers had not finished its highway construction, the United States Highway Patrol, on orders of the County Commission, prevented construction of Public Works projects and arrested 11 persons, including the Central Avenue Bank. Yonkers was forced to use the old dump and a Kellogg insurance box, abandoned years earlier.

April 26, 1919: Radio stations were not allowed to broadcast the radio panel discussion of the First Precinct police on what they did with the $50,000 Grant McGillian received during a first class flag on child birth. Dr. McGillian finished his lecture at 4:30 p.m., that evening.

April 27, 1930: After hearing reports that the new $280,000 addition to School No. 22 in the Napoleon Park area was a "mess" and the Roosevelt High School roof leaked, the Board of Estimate launched an investigation.

April 27, 1940: After declaring that the Common Council had decided not to purchase the "Erie" block building on South Broadway for the Yonkers Lodge either to pay all the interest on its mortgage, or for use as the Police Pension Fund. The Common Council had sold the land to a Mr. Martin for $25,000.

April 26, 1929: Because Yonkers had not paid the bond due on the City Hall, the City was not allowed to be "vicious and low in type." A lawyer was appointed to represent the city in the case; no arrests have been effected at this time.

April 26, 1934: Because of property ownership problems, it was decided to increase fares for Yonkers trolley passengers.

Saturday, April 17

April 27, 1930: After hearing reports that the new $280,000 addition to School No. 22 in the Napoleon Park area was a "mess" and the Roosevelt High School roof leaked, the Board of Estimate launched an investigation.

April 27, 1940: After declaring that the Common Council had decided not to purchase the "Erie" block building on South Broadway for the Yonkers Lodge either to pay all the interest on its mortgage, or for use as the Police Pension Fund. The Common Council had sold the land to a Mr. Martin for $25,000.

April 26, 1929: Because Yonkers had not paid the bond due on the City Hall, the City was not allowed to be "vicious and low in type." A lawyer was appointed to represent the city in the case; no arrests have been effected at this time.

The table contains information about various individuals and entities, including names, addresses, telephone numbers, and property information. Each row represents a different entry, with columns for the owner's name, street address, telephone number, and additional details such as lien amounts and assessed values. The table appears to be a list of real estate properties with tax liens.

The text also includes a section on Passover, discussing the significance of matzah and its preparation. It notes the difference between handmade and machine-made matzah, emphasizing the traditional methods employed by Chabad of Yonkers.

Furthermore, the text touches on local government matters, such as the 2020 budget and the continuity of a long-standing tradition of cooperation in the city of Yonkers. It highlights bipartisan budgets and the importance of education funding.

Lastly, there is a mention of the Rey Center and Yonkers Rising, suggesting community engagement and support for local events.
FRIDAY, APRIL 19, 2019 - YONKERS RISING - PAGE 7

Lopatiliano has completed six online placement and college-level courses at Riverside. His academic activities include volunteering with the Yonkers Volunteers for Veterans, a non-profit organization that pairs veterans with veterans locally and across the country by creating personal connections. Lopatiliano has been recognized on three occasions for fundraising efforts to purchase Art Panels for Arboretum, a free art gallery in Yonkers, which he founded.

He was accepted to Albany, New York, Bard College, and Wesleyan University. Lopatiliano plans to major in computer science and wants to pursue a career in the field of information technology.

Lopatiliano said that his advice for young veterans and active duty military is to "figure out what you want to do and go for it!

"As a young man with a 90% GED, I had a tough time in school. I was a B student and I always wanted to do more. I started working with veterans and that led me to Riverside College," said Lopatiliano.

"I was able to get into college and now I'm a top student with a 3.8 GPA. I've been recognized for my academic achievements, and I've been able to give back to my community by volunteering and helping others."
Brezler and others, might just make Bernie the democratic nominee. "He is the frontrunner – he has the most money, the most donors, and he has run the longest campaign," said Scarborough. "The media always underestimates Bernie Sanders, this is a re-

tification to ignore her, too.

Other issues that Sanders ran on in '16 that may help him again in 2020 include Medicare for All, free college, a $15-per-hour minimum wage, full employment, and a bill he recently introduced called "For the poor, he got 1 percent in 2008 in Iowa. He had last time. But he also has the money to go into the first few weeks of his campaign. This network of donors, and supporters, will allow him to take a commanding lead and, many political analysts agree, keep his momentum intact."

And while democrats across the country have to fight those who put profit over people and the environment, pushing to change the economic model from one based on short-term profits to one that prioritizes the long-term benefit of people and the planet, Sanders has been a consistent advocate for these issues for years. "Of course the media ignores him because he is not a typical politician," said Brezler. "He is an old face, and the fact that he is not pandering to big donors and corporate interests sets him apart."

A lot of people who voted for Donald Trump in 2016 will be looking for a candidate who represents their interests again in 2020.

But not all people who voted for Trump in 2016 will vote for him again in 2020. Many people who voted for him in 2016 were disillusioned by the corruption of the Trump administration and wanted a candidate who would put the interests of the people first. Sanders has been consistent in his support for these issues, and his campaign is focused on creating a network of supporters who are committed to fighting for a better future for all Americans.

"We have to fight those who put profit over people and the environment," said Scarborough. "Pushing to change the economic model from one based on short-term profits to one that prioritizes the long-term benefit of people and the planet, Sanders has been a consistent advocate for these issues for years. "Of course the media ignores him because he is not a typical politician," said Brezler. "He is an old face, and the fact that he is not pandering to big donors and corporate interests sets him apart."

"But we have to remember that Sanders is a candidate who represents the interests of the people," said Scarborough. "He is the candidate who will fight for a better future for all Americans, and we have to support him in this campaign."

Anyone who has not yet been vaccinated can get the vaccine through the Westchester County Health Department. Call 1-845-985-3800 for an appointment.

Health Commissioner Dr. Sherrill Amter urged parents of any altitude. If you or someone you know is a priority for their children to receive the MMV vaccine, which targets measles, mumps, and rubella.

"With the increasing number of measles cases in our surrounding area, I strongly urge all parents who have not vaccinated their children against measles to get vaccinated. "Measles is highly contagious, and nine out of 10 people who are not immune to measles will become infected. People can spread measles to others even before they know they are sick. People without immunity can catch measles just by being in the same room with someone who has measles, even if they have been exposed to measles before. Measles can be spread from person to person by coughing or sneezing. Measles infection can be severe and cause more severe in young infants, pregnant women and people with a weak immune system. People are at risk for getting sick up to 21 days after being exposed."

The county health department arranged these special public health clinics to offer urgent timing of MMV vaccination, after eight unvaccinated children in Northern Westchester were diagnosed with measles.

The children do not attend local public schools or daycare programs.

Measles is a highly contagious virus that causes fever, rash, cough, runny nose, and red, watery eyes. Tiny white spots may appear in the mouth. The infection can result in serious complications. Prompt medical attention is essential.

Measles can be prevented by getting vaccinated. People who are not vaccinated and who have not had measles may be at risk of getting the disease if they are exposed to someone who has it. People who have been vaccinated against measles are also at risk if they are exposed to someone who has it and have not received a second dose of the vaccine.

People who have been vaccinated against measles may still get the disease if they are exposed to someone who has it. People who have been vaccinated against measles may still get the disease if they are exposed to someone who has it and have not received a second dose of the vaccine.

Congratulations to Eileen Mannion on the re-opening of Eileen’s, formerly Eileen’s Country Kitchen, on McLean Avenue. The new, modern eatery opened April 1 after a year-long renovation. Eileen’s Country Kitchen was a local favorite for its Irish specialties, and the new Eileen’s will offer the same – but now in a warmer atmosphere.

A ribbon-cutting was held recently that included Mayor Mike Spano, City Council President Mike Khader and the Rev. Brendan Fitzgerald, pastor of St. Barnabas Church.

Eileen said she wanted the new restaurant, which is connected to the Heritage Bar, to have the feel of an Irish Home. “Eileen’s Country Kitchen was like sitting at my kitchen table; this is more like coming into my parlor,” she said. “It has a more elegant decor to it and a more mature vibe.”

The new restaurant has a capacity of 110 diners, and is more suitable for special occasions and private parties, and will also be open for breakfast and lunch seven days a week, and for brunch on the weekend.

Mayor Mike Spano, City Council President Mike Khader, Council Majority Leader Michael Sabatino and Fr. Brendan Fitzgerald join Eileen Mannion at the grand opening of Eileen’s.
Yonkers Shows Up for Corazon’s Community Cleanup

City Councilwoman Corazon Pineda-Isaac, along with the Ludlow Park Residents Association, held their fourth annual community cleanup April 13. More than 60 people participated in the event, which included a day of planting around Abe Cohen Plaza, with plants donated by the Fuller Center for Housing.

Among the participants were students from the College of Mount St. Vincent, Cub Scout Pack 47, Boy Scout Troops 4 and 5, the YPD Explorers Program, Mexican Chamber of Commerce, Culver Street residents, Nodine Hill residents, and Rising Ground.

Special thanks to the Yonkers Department of Public Works for helping clean up.

Councilwoman Corazon Pineda-Isaac, with members of the Yonkers Police Department and the YPD’s Explorer program.

More than 60 volunteers from a number of organizations helped clean up Ludlow Park.
