Should Water Districts Also Live Under Tax Cap?  

Colivita Calls Water Rate Increase ‘Ludicrous’

By Dan Murphy

Elsie Town Supervisor Anthony A. Colavita has received his opponents’ first shot with United Water New Ro

"I’m disapponted," he declared in a letter to the New York State Department of Public Service. "Colivita submitted his original statement, which outlines the arguments expressed by many elected officials and residents at two public hearings held in Westchester. "This statement is in opposition to the proposed rate increases requested by United Water. The undersigned representatives of the Town of Pelham, Croton-on-Hudson, New Rochelle, Pound Ridge, North Salem, Greenburgh, Bedford Village, Tuckahoe, Pelham Manor, Bedford Park, and Dobbs Ferry. Colivita and County Legislator Joseph Stelzner, who is in the process of proposing to ban abortions, will tour New York’s water districts to oppose the proposed rate increases. by expanding SCRIE and EPIC eligibility. I’m proud to have made our streets safer, without taxing residents, made our streets safer, without taxing residents, and protected our middle-class senior citizens by enacting the toughest gun laws in the nation, which receives its water supply from United Water. I have, and will continue to, fix your water and submitted written statements in 2005 and 2009 opposing the three-year increases requested by United Water. The Public Service Commission res

State Senate Primaries in North & South Westchester

Klein vs. Koppell in Dem. Race & Murphy vs. Castelli in GOP Primary

But Koppel has continued his campaign, putting our county, state and federal public servants first. Rising Media Group still receives most of the O’Shaughnessy interviews and arguments expressed by many other candidates.

This authority appears to have been abused in the Village of Sh creek. Klein, a decorated Iraqi War veteran and Sh creek Hoonader, joined and passed the Civil Service Exam for police officer and met all other criteria necessary to be hired as a Sherkay Hoolster police officer. However, Lobato was offered a job in the Sherry Hoolster Village Bound on July 29, and again Aug. 5. Why was Lobato, who ranked number one on the Murphy Poll, passed over? Two important State Senate seats in Westchester will be involved in primary races that could impact the outcome of which party controls the State Senate in November. In northern Westchester, Republican Rob Astorino and Terrence Murphy will face off in a primary Sept. 4 in the 40th District.

Klein faces a Democratic primary challenge from Oliver Koppel. Koppel was originally encouraged to run for the Senate seat because of Democratic dissonance with Klein’s record of working with the State Senate Republicans over the past two years.

Last month, Klein agreed to a power-sharing agreement with his fellow Senate Democrats (both the IDC and the Democratic Senate Caucu

One of the best judges of character of our elected officials is William O’Shaughnessy, president and editorial director of WVOX Communications. O’Shaughnessy, president and editorial director of WVOX Communications, has the uncanny ability to see through the political spin and uncover the real person running for office. O’Shaughnessy’s endorsements are valuable in Westchester because they are well thought out and reasoned. His endorsement of Rob Astorino for county executive last year, is an example of “Mr. O” choosing to support based on who he believes the job is best suited for and not based on political party.

As a young child, Koppel is hoping to get out progressive politics and garner a wide base of voters. He plans to run on his record as a successful legislature, his ability to work with Gov. Cuomo or Rob Astorino, and his experience with his background as a strong problem-solver.

Chorale Seeks New Members
For Upcoming 2014-15 Season

Hudson Chorale, the area's largest mixed-voice chorus, has been performing in various venues throughout Westchester county since 2010. The chorus brings the best in choral singing to the rich musical traditions in the southern Hudson Valley and has earned a region-wide reputation for both quality and variety of programming. "The choir is looking forward to another amazing season of music," said Will Grammy, director of Hudson Chorale. "We are excited to bring new and exciting music to our audiences, while providing a venue for our members to share their talents."

The chorus seeks new members for its upcoming season. "We are always looking for new voices to join our ensemble," said Will. "Whether you are a seasoned choral singer or a first-time participant, we welcome all."

New members are welcome in the month of September, and rehearsals will be held on Mondays from 7:30 p.m. to 9:30 p.m. "Our rehearsals are held in a friendly and supportive environment," said Will. "We offer a wide variety of music, from classical to contemporary, and our repertoire is diverse and challenging."

The chorus is always looking for new members, regardless of their level of experience. "We believe that everyone has something to offer," said Will. "Whether you are a seasoned choral singer or a first-time participant, we welcome all."

For more information or to schedule a time to audition, contact Will Grammy at (914) 473-1234 or at will@HudsonChorale.org.

Historic Digital Archives Expanded to 18,000-Plus

The fall launch press event will take place at 4:30 p.m., which will feature an introduction by County Executive Robert Astorino, a presentation of the archives by Assistant County Archivist Courtney Fallon, a premiere of the WCA Archives at Playland digital collection by G.M. Hopkins Company, a dedication of 23 souvenir postcards from Playland, a review of the WCA Archives, and a viewing of the WCA digital collections. It documents geographic features and landmarks, and identifies places of business and individual property owners. The historical postcard collection dates from 1910 to the early 1920s. Some of the images included are Playland's music tower, picnic grove, kidsland, and Playland's marine tower.

The postcard collection includes more than 200 participating restaurants, and participating restaurants are located throughout Westchester county.

tenance charge increase, it is important to note that there is no other company to provide water to our residents they serve. Our water is subject to the same laws and regulations as the municipalities United Water. It is time they are subject to the same levy cap rules that are imposed without any unfunded mandate relief. The 2015 tax levy cap is 1.56 percent. The tax levy cap for New Rochelle was 1.66 percent; the tax levy cap for the municipal consortium created to oppose the proposed 20 percent increase now being charged by United Water stocks. Ratepayers have no choice but to pay these charges, as they are not provided a choice to be connected to the water system. For their water and hydrant maintenance costs directly out of paying hydrant maintenance costs directly to United Water. The charges levied by other water companies in New Rochelle, New York City, and other municipalities the hydro rates are approved. The only difference is that United Water is the only one in our area that has no rate regulation at all. As we celebrate our 20th year as UWS, we are thankful for the clients and communities we include outfitting children in need with backpacks and school supplies through www.Don-

norschoice.org; participating in collections for United Way in New Rochelle, in Eastchi- nor and Unity on the Bay in Miami, Fla., and in Atlantic City, N.J. We also support such charites such as the Atlantic City Rescue Mission and the Salvation Army.

"As we celebrate our 20th year at UWS, we are proud to protect and serve our community with the privilege to serve," says Michael Sicular, UWS’s chairman, president and chief executive of- ficer. "In addition to our annual efforts to keep rates low, our goal is to continue making improvements in our system to ensure the residents of United Water receive the same quality of service as their counterparts across the state. This includes investing in new infrastructure, upgrading our equipment, and improving our customer service. We are committed to providing our customers with safe, reliable, and affordable water and wastewater services while being mindful of the impact on the environment.

"Our goal is to be the most trusted and respected utility company in the state," says Sicular. "We strive to provide exceptional service and value to our customers, while also being good stewards of the environment. This includes reducing our carbon footprint, increasing the energy efficiency of our systems, and staying ahead of regulatory changes.

"We are also committed to being a good neighbor and supporting the communities we serve. We have a long-standing history of investing in our communities through various programs and initiatives. This includes supporting local schools, charities, and other organizations that make a positive difference in the lives of our customers. Our commitment to our customers and the communities we serve is unwavering.

"As we look to the future, we are committed to continuing our focus on innovation, sustainability, and customer service. We are proud of our accomplishments over the past 20 years, and we are excited to see what the next 20 years will bring. We remain dedicated to providing safe, reliable, and affordable water and wastewater services to our customers, while also being good stewards of the environment and supporting the communities we serve."
Serving Westchester County, NY, for over 70 years.

Atmosphere is warm, friendly, and inviting. The lounge area has a comfortable feel and is perfect for relaxing after a long day. The menu offers a variety of salads, sandwiches, and entrees, all made from scratch. The attentive and knowledgeable staff is always ready to assist with any questions or requests. Overall, the experience is flawless and I highly recommend this restaurant for any occasion.

News 12 Launches Hyper-Local Traffic & Weather Mobile Apps

News 12 Networks recently announced the launch of its new stand-alone traffic and weather app for both iPad and iPhone applications that will provide viewers with quick and easy access to information they want and need, while on the go. Designed to complement the traffic and weather features already available on News 12 Networks' app, the traffic and weather apps are customizable to local users' needs, allowing them to better navigate and interact with navigation applications and websites.

The News 12 traffic app offers up-to-the-minute local traffic information and color-coded maps. Users can also view traffic times by entering start and stop locations such as home, work, or even one-time destinations. Additionally, access to hyper-local traffic cameras across the region provides a live look at road conditions and traffic patterns.

Both apps offer access to the main News 12 Networks app, as well as a live stream of the local News 12 Networks channel and the News 12 Traffic and Weather channel.

With these new apps, users can access all of the traffic and weather information they need–anywhere in the tri-state area–with just one simple click, said David Kirschner, general manager of News 12 Interactive. "And with the launch of these new apps, News 12 is now able to provide thousands of our viewers with quick access to the information they want and need, while on the go. Whether it’s traffic or weather, News 12 delivers the latest and most accurate information directly to your device, ensuring you have everything you need to make informed decisions while on the move."

These apps are available on the News 12 App Store and are free to Optimum customers, as well as those who subscribe to News 12 Interactive.

With this launch, News 12 continues its commitment to delivering the latest information and news directly to the viewers, ensuring they have access to the information they need, when they need it. Whether it’s traffic or weather, News 12 is here to deliver, ensuring you have everything you need to make informed decisions while on the move.
