Yonkers Says ‘Welcome Home’ With Vietnam Memorial

A ceremony for the Yonkers Vietnam Memorial at Coyne Park will be held Sept. 22.

By Dan Murphy

The City of Yonkers will honor legendary actor and former Yonkers resident Art Carney with a street renaming in his honor. The Yonkers City Council approved a resolution Tuesday to rename a portion of Westchester Avenue between Margaret Place and Pennsylvania Avenue as “Art Carney Place.”

In 1946, Carney moved to 294 Westchester Avenue and went on to achieve fame as the lead on the TV show “The Honeymooners.” He was and is the founder of Habitat for Humanity.

To place the organization on the map, Millard Fuller was a recipient of the Presidential Medal of Freedom, died in 2009, but his legacy and reputation to Habitat, and began to help build homes all over the world.

In 2005, the Fuller Center for Housing was founded, to continue the vision of Millard and Linda Fuller to provide home ownership to all Americans.

The Yonkers Vietnam Memorial at Coyne Park will be dedicated on Sept. 22. Twenty-six Yonkers residents were lost on that day, and their names are on the plaque pictured in this paper.

The City of Yonkers commemorated the 17th anniversary of Sept. 11, 2001 with ceremonies at the Yonkers waterfront memorial and at Center Park. Twenty-six Yonkers residents were lost on that day, and their names are on the plaque pictured in this paper.

The last opportunity to purchase tickets will be Sept. 17. Tickets can be obtained by calling 914-963-3035.

For most of us in Westchester, when you say Habitat for Humanity, two names come to mind. First is Jim Killoran, the dedicated and energetic head of Habitat for Humanity in Westchester. The second name might be former President Jimmy Carter, who most of us associate Habitat with and reputation to Habitat, and began to help build homes all over the world.

A Very Hot First Day of School

By Dan Murphy

This is absolutely unacceptable,” he said. “Today is supposed to be an exciting and memorable day for families as they see their children off to begin another school year. The last thing parents should be worried about is whether their children are being put in harm’s way due to lack of basic amenities, such as air conditioning. Our children deserve better. I call upon the school board to implement an extreme weather plan.

In the future, rather than grandstanding without first seeking proper information, please make a sincere effort to reach out to us. YPS BOE President Rev. Steve Lopez

It’s being responsive to one’s constituents and putting our children’s safety first is ‘grandstanding,’ I make no apologies,” Council President Mike Khader

Funds are being raised to rehabilitate the Yonkers Police Memorial at Untermyer Park.

The Police Fire Memorial Foundation of Yonkers will hold a barbecue fundraiser Saturday, Sept. 22 from noon to 4 p.m. at JFK Marina in Yonkers, to support repairs being made at the Yonkers memorial.

If you have visited the Police Fire Memorial of Yonkers, you may have noticed the state of its repairs, explained David Barca, president of the foundation. “A group of active and retired Yonkers police officers and firefighters de- cided that the memorial needed to be refurbished. We have created a non-profit foundation and are working on our plans to make the memorial a fit- ting tribute for our fallen officers and firefighters."

While the foundation has worked with the city on some aspects of the project, and the city has provided some funding, the foundation needs to generate additional money to complete the repairs. Built in 2004, the memorial pays tribute to the City of Yonkers police officers and firefighters who have died in the line of duty, as well as police offi- cers and firefighters who were residents of Yonkers and died serving in another community.

“Due to our harsh winter weather, scorching summers, time and wear, we have found the memorial in need of restoration,” said Barca. “The steps are uneven and starting to fall apart, the paths are not usable by anyone with mobility problems, and even the words of tribute etched into the bricks have been worn down so that many are illegible. All are invited to attend the barbecue and sup- port the foundation.

Sept. 15 was a beautiful day for a football game, and both Yonkers teams were in action. The Yonkers Force, coached by Yonkers leg- end Don DeMatteo, shut-out Portchester High School 7-0 at the Gorton H.S. field. At the Saunders H.S. field, the Yonkers Brave lost to Ossining H.S. 21-7. Crushed by Vic Chiappa, the team played a hard-hitting game. Watching Chiappa from the sideline, one realizes he is a great coach in every aspect of the game.

For the Force, Tyree Grisone scored the game’s only touchdown while rushing for 101 yards on 20 carriers. Jason Garcia and Tyler Hamilton rushed for 34 yards each, both on five carries each. Jason Garcia was one for three for 27 yards passing with the completion going to Austin Breaud. On defense, Elijah Chambliss had 10 tackles for the Force. Also for the Yonkers defense was an interception by Malheer Wills.

“I told my team all during the week that up to this point we were more like an all-star team than a football family... we have taken attacks to develop into a ‘team,’” said Don DeMatteo after the game. “We talked in pre- game about playing for each other as opposed to playing for ourselves. The kids played hard and played together. I am very proud of them and they deserve all the credit for this hard- fought win."

“On a side note, the Yonkers Police De- partment did a tremendous job and I am hon- ored to work with them,” he continued.

The Yonkers Force plays White Plains H.S. on Saturday, Sept. 15 at Gorton H.S. at 1:30 p.m.

At Saunders H.S. field, the Yonkers Brave put up quite a fight until the final whistle. The score was 21-7 Ossining, but the game was much closer than the score indicated. Scoring the first touchdown in the Brave’s history was Javel Mc Nair on a 17-yard run to pay dirt.

“Kids played hard and never gave up,” said Coach Chiappa after the game.

The next game for the Brave is Saturday, Sept. 15 at 1:30 p.m. at Portchester H.S.
**Engel & Lowey Continue to Push Post Office Answers**

By Dan Murphy

Two of Westchester’s Congress members, Rep. Nita Lowey and Rep. Eliot Engel, continue to work on the problem of bad delivery and theft of some pieces of mail from the U.S. Postal Service. The efforts of Lowey and Engel have not yet resulted in any improvements to the postal service, nor has any information reached me on when improvements will be made.

Like your local school district, the delivery of mail in Westchester depends on what community you live in, and even who your postal carrier is. Some communities have good postal office service while others do not.

The Yonkers Police Department is seeking interested applicants for the part-time position of crossing guard in locations throughout the City of Yonkers. The pay is $10 per hour. When the positions are filled, applicants will be contacted by a crossing guard in locations throughout the City of Yonkers.

The following free programs will take place at the Lenor Center, 19 Dudley St., Yonkers. “About Van Cortland Park” is scheduled Wednesday, Sept. 26. Debbie Dollan usually knows all 1,100 acres of Van Cortland Park, the animals and plant life. She is the leader of the park’s nature group and leads regular walks. Dollan will discuss both native and introduced species on three benefitting local wildlife in Yonkers and Bronx neighborhoods.

“Birding at Pelham Bay and City Island” is scheduled Wednesday, Oct. 24. John Rothstein, well-known to local birders, leads walks in the Pelham area, maintains the popular website www.cityislandbirds.com, and is an entertaining speaker. His talks will cover local birds and borders with a focus on owl. Pelham is located on the water off the city as the area’s best find for finding winter orcas.

But your own money is being returned as a political gift, not a tax cut. The state should lower taxes. "Now that compliance with the state's property tax cap; a rebate check if you live in a school district or less; homeowners are available to receive rebates is to pay for local governments' Medicaid costs, currently paid for by county governments, to fund and service," said Mark LaVigne, spokesman for the NYS Association of Governments to fund and service. The Wheelchair Games provide an opportunity for athletes with various ability levels to showcase their skills and participate in friendly competition. This year's games will include a variety of track, field, table tennis, basketball events, and more. Participants will be organized into divisions based on age and ability.

The Wheelchair Games have become a community favorite in the nearly 40 years since the tradition started at Burke. The inclusive nature of the games promises a full day of confidence-building for athletes and inspiration for all those who come to support them.

"The Wheelchair Games gives our athletes the opportunity to compete in events they otherwise might not have access to," said Burke Vice President of Marketing, Communications and Development Richard Sgaglio. "The games also provide an enriching and educational experience where the spirit of competitive sports-the Burke family is honored to have produced the Wheelchair Games for nearly four decades. Field and table tennis events will begin at 9 a.m., followed by the basketball free-throw competition at 11 a.m., and track events beginning at 1:30 p.m. Awards for morning events will be presented during lunch, and track awards will be presented at the end of the day.

Consumer Protection Dept. Warns Seniors of Scams

According to police and consumer protection advocates, seniors are often targets of scams and con artists who prey on them because they find seniors frequently accessible at home.

One of the troubling deceptions occurs when a scam artist calls a senior and poses as their grandchild. The caller claims to be in some type of trouble, frequently in a foreign country. The caller cannot properly identify the name of the grandchild. The caller demands money or gift cards. Participants will be organized into divisions based on age and ability.

May 25, 2018

"Verify that the caller is your real grandchild," saidняя way to avoid falling victim:

1. Never provide the name yourself. Usually, the caller困难 is important to be on the lookout. Ask questions, don't give out any personal information, and never send a money order or check.

2. Make sure your loved ones follow these simple steps to avoid falling victim:

"Verify that the caller is your real grandchild," Lewis said. "Never send or wire money or gift cards to an unknown person or account based on an unexpected phone call, such as the "grandchild scam."
In September of 1813, the church was included in an act during the first session of the Third Assembly. In the fifth year of the reign of King George the 3rd, it was granted permission to sail from England, Scotland and Ireland. By the 1700's, the Yonkers congregation, however, was in a state of decay.

The first church building was erected in 1796 on the north side of What Cheer Street, opposite the present site of the Yonkers Manor Hall. It was a small frame structure, with a shingled roof and a tower. In 1808, a south wing was added to the church by the Rev. Peter D. Oakes, a Congregationalist. In 1818, a new church was erected on a new site, and the old church was taken down.

Over the years the church expanded several times, each expansion adding more rooms for worship services. However, the goal had been to preserve as much of the old church as possible. The original south wall and main doors are still visible today. The church was designated a National Historic Landmark in 1969, and in 2003, the church was recognized as the oldest existing church building in the state of New York.

In the late 1990s, the church laid out a plan to restore the almost 150-year-old bell tower and deteriorating south wall, which had seen Better weather days and cold nights, from among which its design and handiwork can be seen in the artifacts and remains of the church.

The church is recognized as the oldest existing church in New York County, and the Old Dutch Church of Sleepy Hollow is the oldest existing Dutch Reformed church in the state of New York. It was consecrated on June 8, 1689. The church is located on the banks of the Hudson River, and the churchyard is the site of the Old Burying Ground.

The church was built in 1691, and it was at this church that Ichabod Crane, the main character in Washington Irving's "The Legend of Sleepy Hollow," stopped for a moment's rest in "The Leg-
