We Endorse: Tony Colavita For Eastchester Supervisor

By Dan Murphy

In many ways, Westchester County is a tale of two political extremes. As you travel north along the Sprain Parkway, and then the Taconic Parkway, the leanings of the counties become more conservative. Likewise, in southern Westchester, the more progressive beliefs tend to come out more.

Two important elections are taking place in Westchester, which exemplify this divide. In southern Westchester, voters from Eastchester and parts of New Rochelle will be casting a vote for county legislator, with progressive democrat incumbent County Legislator Sheila Marcotte running, a retired Eastchester police officer. We applaud Denning for running, and in giving Colavita a challenge.

But Colavita deserves re-election for several reasons. First, Colavita and the Eastchester Town Board have made efforts to control spending and keep property tax increases to a minimum. This year’s Eastchester Town Budget has a modest 0.74 percent tax increase.

Colavita has also cut town government in an attempt to control spending, reducing the number of town employees by 25 percent.

New York State Comptroller Tom DiNapoli (a democrat) has acknowledged Eastchester as one of the 10 best managed towns in the state, and his office endorsed Eastchester’s attempt to re-establish fiscal stability.

“This building is not just a historic building that we wanted to honor; this is not just a building that was collapsing, that we made a commitment to re-establish,” said Latimer. “This building tells you something about who George Washington was when he was here. Something about the American spirit is what this house is about. We had an obligation to make sure that George Washington’s presence in Yorktown & Eastchester-New Rochelle Ground Zero for Campaign 2019

Voters in Mt. Vernon will be going to the polls to elect a new mayor Nov. 5 and through early voting. The democratic nominee for mayor is Shawyn Patterson-Howard, and usually in Mt. Vernon, the democratic nominee is the de facto winner after the primary and before Election Day.

But this year is different in Mt. Vernon for several reasons. First, the elected mayor from four years ago, Richard Thomas, resigned as part of a plea deal that keeps him out of jail for election fraud and campaign violations.

Thomas’ internal repetition, Acting Mayor Andre Wallace, is running for the republican party line and is quietly but actively campaigning. Usually where a democrat losses the democratic primary, republicans normally flow over Westchester County to defeat republicans and incumbent County Legislator Sheila Marcotte.

Voters in Mt. Vernon will go to the polls to elect a new mayor Nov. 5 and through early voting. The democratic nominee for mayor is Shawyn Patterson-Howard, and usually in Mt. Vernon, the democratic nominee is the de facto winner after the primary and before Election Day.

Governor Andrew Cuomo with republican Mt. Vernon candidate Shawyn Patterson-Howard.

Two years ago, Damon Maher rode the blue wave of progressive, democratic support that flowed over Westchester County to defeat republican incumbent County Legislator Sheila Marcotte.

Republican challengers are taking place in Westchester, which exemplify this divide. In southern Westchester, voters from Eastchester and parts of New Rochelle will be casting a vote for county legislator, with progressive democrat incumbent County Legislator Sheila Marcotte.

We Endorse: Ron Belmont, Harrison Supervisor/Mayor

Harrison Mayor Ron Belmont with the Harrison High School Band in New York City.

This building tells you something about who George Washington was when he was here. Something about the American spirit is what this house is about. We had an obligation to make sure that George Washington’s presence

We Endorse: Tony Colavita For Eastchester Supervisor

Voters in Eastchester will go to the polls Nov. 5, or earlier if they choose, to elect a town supervisor, Town Board members and a county legislator.

Eastchester Supervisor Anthony S. Colavita is running for reelection in an election with many groups, have opposed the concept of electing judges, and forcing them to campaign and raise money, diminishes the office and with their constituents and possible future parties before the bench.

Westchester Parks Foundation, the only organization dedicated exclusively to promoting and supporting Westchester County parks, launched the “Morty” on the Move program at Davenport Golf Course in Yonkers. The program, geared to supporting workplace development, connects Camp Morty campers, counselors, and coaches to each other during the camp “off-season.” The program was made possible in part by a grant from Verizon.

“Sure, it’s about working on the golf course, which serves as an equalizer where they learned to play golf to reinforce values like integrity, respect and perseverance. The first session helped the campers feel comfortable on the golf course, which serves as an equalizer in the workforce and a place where business deals happen.”

Westchester Parks Foundation, Count, Senator Shelley Mayer, and Kathy O’Connor, commissioner of Westchester County Parks.

The event was held on the school’s newly renovated 1,680-seat Wood Auditorium, which was renamed The Phylicia Rashad Auditorium. Rashad is an avid supporter of the Mount Vernon School District, a Mount Vernon resident and philanthropist. She is a renowned Laurence-O’Toole-recipient, Tony Award-winning actress and director.

Today is not only a great day for the city of Mount Vernon and the school district, but for all of our students who are represented today,” said Superintendent of Schools Dr. Kenneth Hamilton. “Today we pay homage to one of the great treasures of our city and our nation, America’s mom, Phylicia Rashad. Today have been brought together to re-establish Mount Vernon in the best of hope for the arts.”

In Celebration of the Arts 2019 – a production orchestrated by Dr. Evelyn Collins, principal of the Thornton School of the Performing Arts – was an afternoon of 10 performances from Broadway, the Metropolitan Opera, film, television and recording industry artists, as well as students from the Performing and Visual Arts Magnet Program. Entrepreneurs included Lilli White, Nakia Williams, Geoffrey Owens, Mamie Duncan-Gibbs, Frankie Faison, Jeff Redd, Stephen Henderson, Eli Williams, Angela Hall, Dominika Edwards, Eve Sosin, Alphon Waddy, Priscilla Bivens, James Alexander, Antonio Watts, Patrice Higgins, Tania Maca, Steak Williams and Calen Jones.

There were also performances from the Arts Magnet Orchestra, the Arts Magnet Band and the Arts Magnet Tap Troupe, as well as performers from the school’s performances from the last few years. “Today is not only a great day for the city of Mount Vernon and the school district, but for all of our students who are represented today,” said Superintendent of Schools Dr. Kenneth Hamilton. “Today we pay homage to one of the great treasures of our city and our nation, America’s mom, Phylicia Rashad. Today have been brought together to re-establish Mount Vernon in the best of hope for the arts.”

Furthering Westchester County’s mission to uphold its status as a regional leader in environmental management, the Department of Environmental Facilities has entered into a 10-year contract extension with Wheelabrator Westchester, L.P. Wheelabrator, the operator of the Charlas Point Waste-to-Energy Facility that provides environmentally-safe disposal of waste in Westchester, has agreed to financial terms that will result in an estimated savings of more than $17.2 million for the county. Additionally, the county negotiated for the ability to divert up to 62,500 tons of waste annually from municipal solid waste sent to Wheelabrator in Peekskill.

This 10-year contract extension will allow Westchester County to pursue a residential recycling program that will help protect our county for future generations, create jobs and allow for waste reduction.

According to Commissioner of the Department of Environmental Facilities Vincent Kopito, the county has been partners with Wheelabrator for more than 30 years. “We look forward to continuing that relationship,” he said. “We have proven to be excellent stewards of the environment and our partnership ensures that the county’s residential waste is not landfilled but used to create clean energy.”

Pursuant to the contract with Wheelabrator, the county, on behalf of the Reto Reuse Disposal District, delivers the district’s residential trash to the Charlas Point Waste-to-Energy Facility. The facility processes up to 2,250 tons of household and commercial waste every day. The waste is transferred to utility-type boilers that recover thermal energy in the form of high-pressure steam. The steam-powered turbines generate 63,000 kilowatts of electricity an hour, enough to power approximately 67,000 homes.

Additional steam not required for electricity generation is marketed to a nearby commercial customer. White Plains, Inc., for use as a clean, reliable and renewable energy source.

The Reto Reuse Disposal District is comprised of 36 of the county’s 43 municipalities, which includes 90 percent of the county’s population.

Latimer Creates New Position To Support Nonprofits

Neighbors Link will host its annual fall luncheon Wednesday, Nov. 6 at 11:30 a.m. at the Old Ossining Country Club, 3100 Purchase St., Purchase. Each year, Neighbors Link uses this luncheon as a way of introducing the community to a speaker with deep insight on the issue of immigration. This year, that speaker is Alejandro Mayorkas, who served as deputy secretary of Homeland Security from 2013 to 2016, where he managed some of the most complex and critical responsibilities of the government.

Prior to becoming deputy secretary, Mayorkas served as director of U.S. Citizenship and Immigration Services, where he implemented a series of transformative initiatives including the Deferred Action for Childhood Arrivals program, the Citizenship Awareness Initiative and the Entrepreneurs in Residence program. For more information, contact Eva Kelly, director of development and communications, at 914-696-3410, ext. 114, or ekelly@neighborslink.org. Tickets and sponsorships are available at www.neighborslink.org.

Friends of Florence Park Host Fall Planting Day

The Friends of Florence Park in Mamaroneck celebrated its Fall Planting Day on Oct. 19, when about 18 members of the community planted daffodil bulbs, Azaleas and peonies. Donates and cake also helped energized the volunteers – especially the children, who helped clear the garden of acorns and planted daffodil bulbs. Photo by Tzu Ping Tao.

County Executive George Latimer, second from left, with, from left, Nonprofit Westchester President Terry Kirchner, Executive Director Jan Fisher, and board member Maria Imperial, also CEO of YWCA White Plains. Latimer also stressed the importance of participation in engagement in the 2020 U.S. Census. Latimer kicked off the meeting, and Maria Imperial, also CEO of YWCA White Plains, extolled the important work done by nonprofit organizations and pledged to create a chief nonprofit contracts officer position to help smooth the procurement process. The new position potential answers one of the process improvement goals that Nunprofit Westchester identified in its public policy agenda, as outlined by Jan Fisher, executive director of Nonprofit Westchester. Fisher also highlighted the list of NPW priority issues, including affordable housing, racial equity, protection of immigrant communities, suicide prevention, the environment, and voter engagement in the 2020 U.S. Census. Latimer also stressed the importance of participation in the Census, pointing out that an undercount in the 2020 Census could have a significantly adverse effect on federal funding to Westchester County. Latimer fielded several questions from the audience of more than 100 representatives from nonprofits and pledged to create a chief nonprofit contracts officer position to help smooth the procurement process. lows, though, but an open door to me. Then schools, Roosevelt High School and Palisades Preparatory School, had been setting but mess-

ing for me. I have been able to inspire students at Roosevelt and Palisades Prep for years.

By Dennis Richmond Jr.

My name is Dennis Richmond Jr. and I am a 24-year-old founder and director of the New York-New Jersey Alliance of Historically Black Colleges and University Initiative (NYJC/HBCUInitiative), which inspires students by exposing them to opportu-

nities only found at HBCUs. When I present to students, I provide them with five-word appli-

cations, Free Application for Federal Student Aid (FAFSA), college roadmaps, college brochures, HBCU pennants, pens, pencils and snacks. Stu-

dents also get to see a college documentary that I have created.

If you can’t take students to college cam-

pus, bring college campuses to students. My presentations have impressed tremendously over the years, it is amazing to think that this all start-

ed so long ago.

In 2014, after successfully completing one and a half years of my undergraduate experience, I had an idea. What if I could go back to New York and speak to high school students? Most college going students today, ‘my kids’, would have told me ‘I can’t go home even when

they are away from home.’

There were, and still are, a lot of high schools that did not want me to speak to their students. Unfortunately, a lot of them are in Nanuet. There are two high schools in Nan-

uets, but open doors to me. Then schools, Roosevelt High School and Palisades Pre-

paratory School, had been setting but mess-

ing for me. I have been able to inspire students at Roosevelt and Palisades Prep for years.

On Nov. 15, 2014, on Clapham University’s campus, I started planning not to HBCU pre-

sentations at ten schools. I believe that Roosevelt had to be home less than a week later to speak to even more students. On Jan. 6, 2015, Palisades Preparatory School had to speak to their stu-

dents, their juniors, and their eighth-graders. I didn’t start using the tagline “Braving the drum for HBCUs,” which I politely borrowed from one of my professor’s at Claflin, Mrs. Patric-

nia Hinton Koger, until 2015. I also didn’t create the initiative until 2015.

This comes a time when the Old

Oaks Foundation made a commitment to rev-

italize their longstanding tradition of supporting community programs. As a result, it helped overall fundraising goal this year and was able to significantly increase the number and size of its grants. The grants process engaged partnership and inclusivity, allowing the entire membership to nominate charities.

The charity weekend brought membership together to raise funds, as well as learn more about the target initiatives they would support. The fundraising festivities included both sport and non-sport based activities ranging from a pool party to a 5K race “For a Cure” and ultimately culminating in a dinner with a new service and live music.

Winning grant recipients refocused the Old

Oaks’ commitment to the passion and interests of its membership, as well as its commitment to the geographic region.

Some special grant recipients this year includ-

ed the Holocaust Worcester, White Plains Hospital, Science Week at the New York Hall of Science, the Womack Foundation, the National Hispanic Medical Student Association, the New York Hall of Science, the Science Awards for Students, the Students Against Destructive Decisions, the Old Oaks’ Co-Op Program, the Old Oaks’ Co-Op Summer Enrichment Program, the Old Oaks’ Co-Op, Mamaroneck’s only summer pro-

gram for children of low-income families, com-

munity service, local government, and non-sport based activities ranging from a pool party to a 5K race “For a Cure” and ultimately culminating in a dinner with a new service and live music.

Dear Editor:

I attended the debate hosted by the Yorktown Chamber of Commerce on Oct. 23.

Democratic candidate Matt Slater was biblically impressive and proved to be the dynamic leader our community needs. He was articulate, engaging and focused on his vision and plans for Yorktown despite his opponent’s absence.

For those who weren’t there or haven’t heard the video, here are three things Matt Slater wants to tackle: making Yorktown more affordable, improving our local environment and modernizing how our town governs democracy.

This isn’t just talk, Matt Slater has a concrete plan to address each of those and more. He recognizes the need to nurture a thriving business community to off-set the growing tax burden on homeowners.

For those of you who aren’t familiar, Yorktown has a dedicated citizenry who are invested in the future of this community. We now have two amazing candidates, Feiner and Colavita. This is why both have governed their towns professionally and with care. That is why both have governed.

Mr. Murphy:

You have the chance of a man proud of the place in which he lives. I’ll bet you don’t get a letter of endorsement from the company of others who are also living with breast, ovarian and gynecological cancers.

I would like to say a few words of endorsement for my husband, Matt Slater, candidate for Yorktown Supervisor.

Dear Editor:

There is so much we love about this community, but what is he really doing? And how can he be so hesitant? I asked him if I could sleep on it. I thought about him running for supervisor, I was hesitant. I wasn’t a deterrent but a motivation because this is the legacy of my fellow residents. Stop practicing “Do as I say not as I do.”

I’ll bet you don’t get a letter of endorsement from the company of others who are also living with breast, ovarian and gynecological cancers.

Mr. Murphy:

Although both come from different political perspectives, both have had lifelong experience and15 years of working in local government. When Rob Astorino lost his re-election in 2017, he agreed to create 20 positions at the Board of Elections, which he did not do.

We have a vested interest in the future of this community. We now have two amazing candidates, Feiner and Colavita. This is why both have governed their towns professionally and with care. That is why both have governed.

The New Rochelle School Board to discuss safety

The tactics are very similar to those waged against Latimer in his successful race for county executive. The seat has been held by Borussia to win. The county PBA asked that Legislator Maher be barred from the campaign, which would have been a violation of the rules of the state's political campaigns. But Maher did not apologize for his comments, and instead "doubled down" and reiterated many of the same comments on a national level. He is equally divided, in a slim and narrow election, and we agree, and we endorse Garitee for Westchester County Executive. Maher, who is a Tuckahoe resident, and his campaign mainly centered on his five-point plan to bring safety to the schools, and his commitment to bring back stability and respectability. But we cannot support Maher because he wants to have some money, and to have some power, and for the retail slowdown that has resulted in the loss of thousands of doors to talk about his five-point plan to bring safety to the schools, and his commitment to bringing back stability and respectability. But we cannot support Maher because he wants to have some money, and to have some power, and for the retail slowdown that has resulted in the loss of thousands of doors to talk about his five-point plan to bring safety to the schools, and his commitment to bringing back stability and respectability. Feeding Westchester Raises $300,000 ‘In Good Taste’

One night helped Feeding Westchester raise enough money to provide 1.2 million meals to the county’s hungry neighbors in need.

With the support of more than 600 hunger heroes, Westchester’s leading nonprofit hunger relief organization brought in more than $300,000 at its annual “An Evening in Good Taste” in White Plains. The event attracted Westchester’s most philanthropic and food-fanatical heroes, Westchester’s leading nonprofit hunger relief organization brought in more than $300,000 at its annual “An Evening in Good Taste” in White Plains. The event attracted Westchester’s most philanthropic and food-fanatical heroes, Westchester’s leading nonprofit hunger relief organization brought in more than $300,000 at its annual “An Evening in Good Taste” in White Plains. The event attracted Westchester’s most philanthropic and food-fanatical heroes.

One in five people in Westchester County are hungry. That means four of us can do something about it. Which one are you?

Wallauer Paint & Design celebrated the grand opening of its newest location at 750 Main St, New Rochelle, with a ribbon cutting and a grand opening on Oct. 19th that was attended by Mayor Noam Bramson, Business Ambassador for the City of New Rochelle Laura Davis, and Deputy Director of New Rochelle Chamber of Commerce Diamond Wallauer, along with Wallauer Design Director Kim Scappaticci, Wallauer COO Ed Klein, Jen Lasker, regional sales manager with Benjamin Moore, and company president Henry Ramos, owner of Dedline AV; and Naveen Dhaliwal, a reporter with WABC-TV Channel 7 Eyewitness News.

The event at the new site featured a meet-and-greet with The Peak radio station 99.1, and an opportunity to spin the wheel to win free paint and other items from the store. After the event, Wallauer donated the remaining food to the volunteers and staff at the Fuller Center for Housing located down the street, after meeting James Killoran, the center’s executive director, who stopped by the celebration.

Wallauer Paint & Design has a total of 17 family-owned locations throughout Westchester and Fairfield and has been in business in New York State for nearly a century; the first store opened in 1921. Wallauer is a fourth-generation family business headquartered in White Plains, and while it sells high-quality paint, it also offers far more, in a personalized service. Wallauer will continue to emphasize old-fashioned values, but with a modern twist. Taking advantage of online capabilities, but still engaging with customers in person through personalized service, Wallauer will continue to add a knowledgeable human touch to every customer encounter.

The new Wallauer location, at 750 Main St, can be reached by calling 914-632-8060. Hours are: 9 a.m. to 6 p.m. Monday through Friday, 7 a.m. to 5 p.m. Saturday, and 9 a.m. to 2 p.m. Sunday. For more information about Wallauer, its products and services, visit www.wallauer.com.
